

# Advantage Preschool

## Field Trip (not involving transportation) Permission Form

Advantage Preschool regularly visits the Ravines community park, as well as takes walks around the neighborhood. These are considered field trips off premises that do not involve transportation.

I give permission to Advantage Preschool to allow my child to take field trips off the premises when it does not involve transportation. I will not need to sign another permission form involving these sorts of non-transportation trips.

I will always have to sign a separate permission form before each field trip **off** the premises that my child takes that involves transportation.
